SUMMARY

Software Engineering graduate with hands-on industry and project experience in developing and integrating software solutions. Adaptable and quick to learn, with a strong foundation in software development, problem-solving, and collaborative engineering practices. Seeking a full-time Software Engineer role to contribute to real-world products and deliver reliable software solutions while continuing to grow as an engineer.

EDUCATION

Bachelor Degree of Computer Science (Software Engineering) with Honours **October 2023 - Present**
Universiti Malaysia Pahang AI-Sultan Abdullah
• Final Year Project on "BondaCare: The Digitalization of Maternal Health Record".

Diploma of Computer Science **July 2021 - August 2023**
Universiti Malaysia Pahang AI-Sultan Abdullah
• Final Year Project on "D'BOOKLAND: Online Bookstore Management System".

WORK EXPERIENCES

Software Engineer Intern, Xsolla KL **March 2026 - August 2026**
• Contributed to the development of Xsolla Checkout through the Xsolla School program, gaining hands-on experience in backend, frontend, API integration, and software engineering practices.
• Developed and integrated REST APIs, authentication, payment flows, and database functionality while working with technologies including Go, React, PostgreSQL, and Docker.
• Collaborated with engineering teams using GitLab, CI/CD workflows, code reviews, and agile development practices to investigate issues, resolve blockers, and deliver project features.

Intern, Telekom Malaysia Berhad Seremban **March 2023 - August 2023**
• Designed digital and print marketing materials including posters, social media content, and banners to support marketing campaigns.
• Maintained branding consistency across visual materials and collaborated with team members to develop creative campaign concepts.
• Supported the marketing team in preparing visual content according to campaign requirements and deadlines.

Freelance Photographer, Self Employed **October 2023 - Present**
• Planned and executed photography sessions for events, portraits, and promotional content, managing projects from initial client communication to final delivery.
• Managed end-to-end workflows including client communication, scheduling, photography, post-production, and content delivery.
• Edited and retouched photographs using professional editing tools while ensuring visual consistency and alignment with client requirements.

SKILLS

- Technical Skills:**
 - Programming Languages:** HTML, CSS, PHP, Java, JavaScript, C, Golang
 - Frameworks:** Laravel, Bootstrap, Tailwind CSS, React Native, React
 - Databases:** MySQL, SQLite, PostgreSQL
 - APIs & Tools:** REST API, Postman, Git, GitHub, GitLab, Docker
 - Cloud & DevOps:** CI/CD, Kubernetes, GKE
- Languages:**
 - Malay:** Native
 - English:** Proficient

INVOLVEMENTS

- Participant of Creation, Innovation, Technology & Research Exposition (CITREX) UMPSA 2026
- Club Member of Shutter Buster UMPSA 2025/2026
- Club Member of Persatuan Mahasiswa Teknologi Komputer (PETAKOM) UMPSA 2025/2026
- Club Member of Persatuan Mahasiswa Luar Kampus (PMLK) UMPSA 2025/2026
- Promotion Committee of UMPSA X HUAWEI AppGallery MOBILE APP COMPETITION 2025
- Participant of Creation, Innovation, Technology & Research Exposition (CITREX) UMPSA 2025
- Club Member of Persatuan Mahasiswa Teknologi Komputer (PETAKOM) UMPSA 2024/2025
- Multimedia Committee of Minggu Cakna Trend Jenayah Siber UMPSA 2024
- Multimedia Committee of Graduate Employability & Industrial Training (GET-IT) Carnival UMPSA 2023/2024
- Club Member of Sekretariat Mahasiswa Negeri Sembilan (SEMANES) UMPSA 2023/2024
- Participant of Karnival Mega 3.0 (Escape Resident): COLOUR RUN RP5 UMPSA 2024
- Participant of FYPro-Com Exhibition UMPSA 2022/2023
- Participant of F1 in Schools World Finals 2020(21) United Kingdom

ACHIEVEMENTS

- Gold Medal of Creation, Innovation, Technology & Research Exposition (CITREX) UMPSA 2026
- Dean's List Award Semester I Session 2025/26
- EF SET English Certificate - C2 Proficient
- Dean's List Award Semester II Session 2024/25
- Gold Medal of Creation, Innovation, Technology & Research Exposition (CITREX) UMPSA 2025
- Bronze Medal of FYPro-Com Exhibition UMPSA 2022/2023
- Microsoft Certified: Power Platform Fundamentals 2023
- CCNAv7: Introduction to Networks Certificate - Cisco Networking Academy
- Anugerah Khas Belia Daerah Jelebu 2022

PROFESSIONAL PROJECTS

Xcellorate — Xsolla Capstone Project

- Developed a gamified engineering-skills platform using React, Go REST API, and PostgreSQL, designed to make technical training more engaging through interactive challenges.
- Built four interactive engineering mini-games covering code debugging, CSS Flexbox, Git, and Datadog observability/monitoring, with XP, streaks, leaderboards, and analytics.
- Integrated Okta SSO, AI-assisted question generation, and an MCP server to support authentication, content creation, and developer workflows.

Wingz — Xsolla Product Integration Project

- Developed a Flappy Bird-inspired game integrated with Xsolla services, allowing users to register, authenticate, and access digital game content through the Xsolla ecosystem.
- Integrated Xsolla Pay Station and Catalog to enable real-money purchases of bird skins, themes, and other in-game content.
- Implemented a digital game experience combining authentication, product catalogue management, payment processing, and in-game content customization.

BondaCare — Undergraduate Project

- Developed a web-based maternal health management system to digitize antenatal records (Buku Pink) and improve access to mother and baby health information.
- Implemented core functions including user authentication, appointment scheduling, digital health record management, and kick & hiccup tracking.
- Built using Laravel Framework and MySQL, with role-based functionality for expectant mothers and clinic staff.

Lucky Draw Campaign — Bake by Mel Project

- Developed an interactive lucky draw campaign for Bake By Mel cafe, combining product purchases with a gamified puzzle-based reward experience.
- Implemented a blind-box mechanic where customers received one of four puzzle pieces with each Dubai Chewy Cookies purchase and had to collect all 4/4 pieces to qualify for the prize.
- Designed the digital campaign flow to support customer engagement, prize tracking, and reward redemption while creating an interactive purchasing experience.
